CD4 has been in communication with all of the departments, DOT, LAFD, LAPD and RAP to ensure the safety of residents over the holiday.

As I mentioned, we are paying for a team of extra DOT officers from Dec 25 - Jan 3rd. Park Rangers patrols will be increased in the area tomorrow and there will be a Ranger stationed from 12-5 every day starting Dec 25. LAPD Watch Commander is going ensure that patrol car spends a significant amount of time in the area enforcing no smoking and traffic violations. LAFD is going to commit the same resources as it did last year (fyi, for Thursday and Friday the burning index will actually be very low).

In case of emergency your CD4 contact will be Daniel Park, [daniel.park@lacity.org](mailto:daniel.park@lacity.org) for Dec 24th and Dec 25th, and then Adam Miller [adam.miller@lacity.org](mailto:adam.miller@lacity.org) for the remainder of the holiday period though Jan 3rd.

Other resources and points of contact (in case you don't have already):

DOT call center \*\*24hours\*\* (213) 485-4184  
 Rec & Parks Ranger Dispatch 213-644-6661 - ask for the watch commander  
 LAPD Senior Lead Officer Tracye Fields 33844@lapd.lacity.org  
 LAFD Deputy Chief Joe Castro joseph.castro@lacity.org

Thank you and have a happy holidays,

Dear Catherine, last year C4 also was kind enough to pay for additional enforcement coverage through the new year. The problem was that starting Christmas Eve there was no person assigned on the City Dept side, or C4 side to oversee and assure that the enforcement was coordinated and effective.

On Christmas Eve I emailed LAFD Deputy Chief, Fire Marshal Vidovich, who immediately had two of his battalion Chiefs coordinate enforcement. DOT, RAP and LAPD were all involved and coordinated, and they helped a great deal. This was greatly appreciated.

The crowds begin to come up here on the 24th, and Christmas was scary. With beautiful weather predicted I expect even more tourist presence.

Can you please confirm who from the City Depts side and C4 will be managing this so we can rest easy via assurance of public safety?

Last year every possible law was being violated. Lots of open container drinking at the park, Illegal Vistas, and on properties on Canyon Lake. All were used as urinals, trash cans and ash treys. Tour operators were up here in droves. I do believe there were a few car accidents as well.

Thank you

This still does not address my question.

Why can't we direct people OUT of our neighborhood who are solely coming to view the sign?

The flashing neon sign at the bottom of Beachwood usually says, "NO ACCESS TO HWOOD SIGN." For some reason, now it only flashes "CAUTION" which frankly has no meaning.

Thank you,

Catherine and All,

I have consolidated the concerns in this email chain.

1. Thanks for the info, Joe. Yet, fire burning index will not stop dry brush from going up in flames as it has twice already from lit cigarettes at the Vista. I think this is really the point.

2. Residents are asking, if this not a sanctioned tourist destination, then why is it being treated as one? And as Heather queries, why are people not being directed to an official destination? Does the city sanction this area as a park view zone, and if so, how can that be when there was never an environmental review or public hearing for its development?

3. Last year, and years before we have had to manage the different city depts. (LAPD, DOT, Rangers, etc.) on holidays such as this, and it looks as if we will this year too. We appreciate that we have emergency contacts. Will our contacts be available when we call them at midnight, or later, as that is also when problems arise (parties, loud music, open containers)?

4. We've seen new changes at the Vista (planting, stanchions, etc.), perhaps good ones, and are wondering if there other changes planned, and if so, will we be notified prior? The Vista was formerly balded under our noses under the guise of beauty. Now it is our beast. Forgive us our edge/distrust, but city changes for this particular area rarely involve the citizens paying for them. This is disturbing.

5. Will C4 please give us a date they will have an official response to RAP's most recent strategic proposal to take pressure off the Vista, Dirt Mulholland and Beachwood, and move traffic to a view zone with supportive infrastructure? My earlier email regarding this was not answered.

Catherine, I know you answer to higher powers, but I trust you will present our concerns. Thanks for C4's support and financial outlay. It is appreciated and we are grateful for the additional help.

Our dream is for a happy holiday, and more to come.

Sincerely,

Rio

Hello all. I just drove up Ledge wood (coming from Beachwood). As all of us are aware, as you come up to the 2nd intersection with multiple turning options, there are signs blocking 1/2 of the entry to the 2 streets on the right. This has always been troublesome to those of us in Lake Hollywood as it creates a "funnel" of cars to Lake Hollywood/the illegal Vista - overwhelming our neighborhood with tourists, congestion and the associated safety risks.

Well today, in addition to the multiple signs, there is an LAPD car with two officers that is OFFICIALLY STATIONED (i.e. parked with flashing lights) right behind the signs...and making sure only residents go up that street. It's like that long street has a high-end uniformed, private security service preventing anyone but residents entering their area...paid for by the taxpayers of Los Angeles. And apparently the signs have a letter attached to the back of them from our former Councilman LaBonge "authorizing" the use of those signs. Let's face it, that would have zero chance of holding up in court as there is no legal basis for those signs/blockades.

Meanwhile, in Lake Hollywood at the Vista, there are now hordes of tourists and two park rangers stationed off to the side, perhaps making sure that no one parks on the wrong side of the street or smokes. Not like having an LAPD outpost at the bottom of a private street, is it?

There is something patently wrong with what is going on right now. Does anyone have a good explanation?

Alan Winters

Well, now that C4 has pretty much closed for the holiday we are on our own. There does not appear to be 1 city department managing the enforcement process.

We have been here before. Feels like being on a trapeze without a net.

This is what we elected. Same stuff different day

Does anyone know anything about the guy on the ground on a stretcher with his car door open stopped in the road last night? There was a fire truck and paramedics. The word on Nextdoor is that he may have been attacked? I saw him on the ground.

Very frightening just now...driving home around reservoir from Barham. Someone was lying on the road by his car. The ambulance was on its way. One person, from another car there, said the driver had been attacked. There were several drivers there staying with him to protect him from oncoming traffic. Does anyone know what was going on?

I actually don't know if this is true. It is what another driver told me. I saw him in the road. He was moving his head, but lying pretty still.

We saw the car stopped with emergency lights on when we left for dinner around 5:45 -6 and assumed that someone had car trouble and had called for help. No one was on the ground or outside car that we observed at that time. We just returned home, and Park Ranger and Police cars were surrounding the car. Police or Ranger was looking at inside of the car with a flashlight.

Just passed the Vista and its a street festival. Here on split Mulholland people stopping in the middle of the street to take a photo and there is a steady stream of traffic coming up from ledgewood and just now some one blocked my driveway to take a picture. Then trampled over my garden to park Today isn't the official holiday so parking is permitted and the street is pretty packed. Mostly large families disgruntled because they thought they could drive up to the sign

Is this any way to run an international landmark? To make visitors have to traipse over lawns and gardens, block driveways and snake up long narrow winding streets to arrive at a lack luster hole in the ground to view the sign with little or no parking?

Can we put one of those road closed signs to through traffic on Deronda and Ridgerton on Ledgewood at the five points turn at ledgewood and Rodgerton. And use the lapd officers to turn people around to fern Dell where there is plenty of parking and hiking trails

Just so the folks on this email know, I have been in contact with Heather since 11AM and we have dispatched folks to the hot spots she identified and are on our way to make sure.

LAFD, LAPD, DOT and Rangers have all been traveling to various hot spots throughout the day. Thank you for being responsive on Christmas.

I hope folks are about to enjoy a great meal with family.

Joseph, Sarah-

Spot checks don't work, we all know that the vast majority of violations are fleeting. It will only take one cigarette butt to ruin our neighborhood, and there were at least 3 smokers on my street today, with no uniforms of any kind in sight.

Additionally, how many times to we have to remind all of you that our neighborhood absolutely cannot handle the mass volumes of cars and pedestrians?! This is a residential area that was never designed to be a tourist destination. Clearly this is not working. What ever happened to directing traffic to the observatory?

I would also like to know what kind of traffic studies/ car count/ parking studies have been done, to ascertain the number of vehicles that our neighborhood can safely accommodate. What I saw today was completely unsafe. Bumper to bumper traffic; cars stopped in the red; tour vans doing 3-point turns in the middle of the road and blocking traffic on both sides; cars illegally parked in the middle of the road or in private driveways. See attached photos.

Whatever **alleged** "extra enforcement" that was dispatched today was grossly ineffective. "Enjoying a meal with the family"? As if I would ever invite anybody to come up here over the holidays. I would never subject my loved ones to this madness. It is also hard to enjoy the holidays when I keep fearing that our house will burn down.

Heather
